RECEIVED
CITY CLERK'S OFFICE

February 12, 2010

Mayor and Council
City of Rockville
111 Maryland Avenue
Rockville, Maryland 20850

Dear Mayor Marcuccio and Councilmembers:

Thank you for your letter dated January 27, 2010. We have a great history of coordination and collaboration between the City and County. Most recently we successfully designed and constructed the Rockville Memorial Library. This project was a great success that met County and City requirements. Our plan is to continue the successful relationship that already exists.

The Government Core Facilities Master Plan (GCFMP) is the current iteration of an ongoing process that began with the Executive Office Building and Judicial Center. We have met with the City since 2007 seeking input and keeping the City informed of the GCFMP. We have also presented the Judicial Center Annex and GCFMP to the Town Center Action Team and Historic District Commission. Currently the GCFMP does not conflict with the City's Rockville Town Center Master Plan, but we agree there are many opportunities to further develop the GCFMP to meet the City's and County's visions.

In order to increase the collaborative dialogue between the City and County, I recommend we create a joint committee to help further develop the GCFMP and meet the City's and County's goals. The Department of General Services will be assigned to help organize the committee with the City.

Sincerely,

Isiah Leggett
County Executive
